## **British Steel – UK structural sections price increase**

Dear Customer,

Further to the continued high level of raw material input costs, I am writing to inform you that British Steel will be raising transaction prices for structural sections by £30 per tonne for all new orders with immediate effect.

This increase is in addition to the announcement of 10<sup>th</sup> June 2024

If you have any questions concerning this announcement, please do not hesitate to contact me or the usual member of your account management team.

Yours sincerely,

Ben Cunliffe  
Commercial Director, Construction
